Joe Scheidler is known as “**The Godfather of Pro-Life Activism**” for his decades of leadership on the front lines. In 1980 he founded the Pro-Life Action League in Chicago to recruit and equip local pro-life leaders to save babies from abortion in their own communities. Joe has traveled the United States and the world sharing his message that individual pro-lifers can make a tremendous difference by taking direction action to fight the abortion industry, stand up to pro-abortion politicians, offer compassionate help to women considering abortion, and convert their friends and neighbors to the pro-life cause.

Scheidler is the author of *CLOSED: The Pro-Life Activists’ Manual*, a how-to book on pro-life activism, including sidewalk counseling, demonstrations, working with the media and researching lawsuits against abortionists. He has also produced *No Greater Joy*, a training video on sidewalk counseling.

Scheidler’s tactics were so effective that the National Organization for Women brought a RICO lawsuit against him in 1986, *NOW v. Scheidler*, which took him to the U. S. Supreme Court three times. His victory in 2003 was undermined by NOW’s collaboration with the Seventh Circuit Court of Appeals. A final, decisive ruling in his favor came from a unanimous Supreme Court in 2006.

“God used Joe Scheidler to draw me out of my complacency in the business world into full-time life-saving work, and I am not alone. Today’s pro-life movement stands on the shoulders of this gentle giant!”

— **David Bereit**,
Co-Founder, *40 Days for Life*

“Joe Scheidler understands that ending abortion is a call, a vocation. I am proud to have been at his side as so many great pro-life stories unfolded. “

— **Fr. Frank Pavone**
National Director, *Priests for Life*

“Joe Scheidler’s story is a moving account of a life well lived, and a call to true heroism for the generations to come—whose lives in some part have been secured by his tireless, faithful work.”

— **David Daleiden**
The Center for Medical Progress

“Joe Scheidler has pioneered the work to make legal abortion an unthinkable tragedy of our past, not our future. Thank you, Joe, for inspiring me and many others to love and live better—and give my whole heart to this cause!”

— **Lila Rose**
President, *Live Action*
